PROFESSIONAL OVERVIEW

Multilingual IT project manager with 8+ years of international experience taking projects from framing to delivery: business needs, functional specifications, test planning and UAT, training and go-live. Led a company-wide Odoo ERP rollout for 150+ users and 3 to 7 concurrent SaaS client implementations. Experienced trainer who teaches AI and programming in French.

WORK EXPERIENCE

AI & Programming Instructor

Algorithmics School, Kirchberg, Luxembourg — Part-time (weekends) | 2026 – Present

- Teach visual programming and AI courses to students in French.
- Design interactive, project-based lessons to develop logical thinking.

Sales Team Lead / Project Manager @Facebook (Meta)

TDCX, Bangkok, Thailand — 2021 – 2023

TDCX is a global service partner for Meta with 14,000+ employees across 12 locations.

- Implemented new internal tools and revamped Tableau dashboards to improve performance tracking.
- Automated weekly and quarterly reports using Power Automate, VBA and Power Query, reducing manual data compilation time by 70%.
- Scaled account operations from 15 to 100+ personnel within 2 years while leading a team of 18 experts managing a $10M+ portfolio, earning Bangkok's Highest Achievement Team Award.

Project Manager & Business Analyst (Cloud SaaS)

Kalibrr Inc (Y Combinator portfolio), Manila, Philippines — 2019 – 2020

HR-tech startup (50 employees) providing SaaS ATS recruitment solutions across 4 countries.

- Launched the cloud recruiting platform as the first local hire, completing setup in 90 days, including legal and office setup, team recruitment and SOP localization.
- Led client onboarding for 3 to 7 concurrent SaaS implementations, turning client needs into user stories for the IT team and delivering on time, achieving 100%+ renewal rates.
- Orchestrated the COVID-19 remote-work transition, managing hardware asset tracking, logistics and deployment for the workforce.

IT Project & Product Manager (Odoo ERP)

Thanh Phat Hung Ltd., Ho Chi Minh City, Vietnam — 2017 – 2019

One of the largest auto and marine spare parts distributors in Vietnam. SME, 4 branches.

- Led product discovery and implementation of a cloud Odoo ERP system used by 150+ employees (Finance, Sales, Logistics, Tax, Warehouse) across 4 branches, migrating 30,000+ records with zero data loss.
- Managed the end-to-end roadmap from vendor selection to post-launch, coordinating a cross-functional team of 10 (IT, logistics, sales, accounting) and ensuring on-time delivery.

- Replaced manual finance, sales and warehouse processes with Odoo workflows and SOPs, cutting monthly reporting from 3 days to 1.
- Drove change management and training, reaching 90%+ user adoption within 3 months.

Project Coordinator (NGO)

CyberCare Youth, Malaysia — Volunteer | 2016 – 2018

A youth initiative NGO under the Ministry of Youth Malaysia.

- Coordinated logistics, scheduling and communications for youth development programs supporting 50+ underprivileged youth and refugees annually.

Other Experience

Inside Sales Manager (SaaS & IoT) – Trace+ Technologies, Singapore — 2021

Content Review Analyst – Accenture, Malaysia — 2016 – 2017

EDUCATION

Master of Network Information System Architecture (RNCP 7) — 2024 – Dec 2026

42 School, Belval, Luxembourg

- A full-time, project-based software engineering school and part of the global 42 Network, with 50+ campuses in 30+ countries.
- Peer-reviewed projects cover C and C++, algorithms, system programming, networking and graphics.

Bachelor of Commerce (Majors in Economics and Finance) — 2013 – 2016

University of Melbourne, Australia

- Australia's top-ranked university and 19th in the world in the QS World University Rankings 2026.
